

## Preparing for a Education, Health and Care Plan – Outcomes Meeting: For parents and carers

Our child's name:

Our child's current school:

Our names:

Email address:

Contact numbers:

# All about my child

What does your child enjoy? What are their interests and hobbies?

What is really important to your child?

What works well when you are supporting your child? How do you get the best out of them?

Is there anything that doesn't work well for your child?

# Feeling proud

What do you like and admire about your child?

What do you think are your child's talents and personal strengths?

What has your child achieved this year? It may be something at home, with friends or out and about in the community. It may be a big milestone or just a small step.

# Hopes and Aspirations

Looking ahead to next year, what are your hopes for your child....at home, with friends, with family? It could be academically, socially or emotionally – whatever feels important to you.

What is *your* ambition for your child in the future? What would be the dream for your child?

## Our Support Network

Who are the people who offer you and your child help and support when you need it? Please include the names of any health and social care professionals, their role and where they work.

## Our Community

Does your child belong to any clubs or groups in the local community?

## Anything else?

Please feel free to add a list of thoughts, questions or comments or tell us anything you think we have missed...
